Quotable

"Unlike the boundaries of the sea by the shorelines, the "ocean of air" laps at the border of every state, city, town and home throughout the world."

- **Welch Pogue**

Please remember to Cancel your reservation if you aren't flying!

A friendly reminder that if you can't take your scheduled flight, try to remove your name from the reservation. I just looked and there are almost a dozen within the last month. Be nice and give someone else the chance to fly if you can't. Also, I mentioned at the last meeting about minimum charges. I just found 4 within the last 2 months. For any flight scheduled for at least 6 hours there is a minimum charge of one hour during the week and two on the weekends. Any flight scheduled after 6 PM and before 6 am is not charged minimum. Big Brother is watching! - **Ron**

Prepayment Incentive

Condor Aero Club has made the "pre-payment incentive program" permanent. The program is a tiered bonus payment plan that presents great benefits to both the membership and the club. Make a deposit to your account and receive a bonus payment on account **good for flight time only**. Of course, certain conditions below apply.

- Program is currently effective and may be cancelled at the discretion of the Board of Directors at any time.
- Member must be in good standing, registered and have completed a pilot report in the past year. Dues and Insurance must be paid first.
- Member must have a ZERO balance before any deposit applies towards a bonus tier.
- Payments under the program DO NOT apply to Dues and Insurance.

- Payments under the program only apply towards Flight time.
- Bonuses are only applicable to prepaid flight time. Payment must be made before flight fees are incurred,
- Bonus payments are not refunded under any circumstance.

Fuel Purchases

Please **use your personal credit cards for 'off field' fuel purchases**. Our 'wet' aircraft rates are designed to accommodate fuel at the KPJC prices only.

If you purchase fuel, **please submit the receipt with your name and date of flight on it in the full slip box in the office** so that we can apply the appropriate credit (reimbursed at the KPJC rate).

Any purchases other than fuel at Zelienople Airport made with the club credit cards are not authorized.

Thanks in advance for following the club procedures!

The Condor Board of Directors

N98887

N98887 is now online! There will be no private training or student solo in this aircraft at this time. Please enjoy the addition to our fleet. The Aircraft is located in our hangar next to the Arrow.

Preflight

The last person to fly a plane before damage is noted will be held responsible. We recommend taking a picture of the damage and the Hobbs meter and emailing both pictures to Jason before flying (assuming it's airworthy) to document that the damage was identified prior to your flight.

Please Clean up after your Flight

The club now has an avionics upgrade in the Archer, and a new interior in 104.

Recently we had an incident in 104 with a large dark stain on the carpeting on the pilot's side, as well as ink pen marks on the upholstery - all of this in an aircraft that was back in service only a month.

If you spill something, please clean it up after your flight. If you can't clean it, squawk it.

Please also remember to clean the leading edges and the windscreen after your flight.

If you get in an aircraft, and see gross negligence, please squawk it so the board can take action. If you don't, the next person may.

Reminders

There has been a notable increase in the number of instances where proper shutdown procedures are not being followed.

Please remember to turn the radio master off, the lights "off", and the fuel pump (if applicable) "off" BEFORE you pull the mixture, wait, then when the engine is stopped turn the mags "off" and then shut "off" the Red Master switch.

These simple steps help ensure our equipment stays in optimal working performance.

If you have any questions concerning airplane operations, please do not hesitate to ask or, as always, you can reference each specific plane's POH.

Please note your destination of your flight into your SkyManager reservation.

Briefing Options

Keep them Clean!

Please remember to wipe down the leading edge of the wing when you return the plane. Please also clean the windshield with the yellow micro-fiber cloth only. There is spray wax and window cleaner in the hangar.

There are also cleaning supplies and trash bags in the office in the utility room to the left of the computer. Please take a moment before you leave to help keep the pilots lounge clean.

DON'T LEAVE THE OFFICE WITH THE TRASH FULL. TAKE OUT THE TRASH WHEN YOU LEAVE.
